

SHADE CONSULTING AND COUNSELLING PRESENTS

Trauma Sensitive Sexuality Education

Description

Neurodivergent and disabled individuals are abused, victimized, and experience trauma at higher rates than the general population. Given this increased risk, how do we teach safety and sexuality education in a sensitive and trauma aware manner?

This workshop is designed to help participants to recognize traumatic stress within the context of sexuality education training for neurodiverse and disabled learners.

This workshop is designed for educators.

Learning Goals

Within an inclusive, trauma-informed sexuality education program, you will

- recognize symptoms of traumatic stress and potential triggers.
- identify topics to be covered.
- integrate trauma-informed principles while formulating a basic outline.

Format

This workshop is available as a full day workshop.

Dr. Margaret Newbury Jones has worked in the disability community for her whole career. She is known for her outstanding, interactive workshops. She works as a trauma counsellor, sexuality educator, and trainer with SHADE Consulting and Counselling.
